

2018 REGIONAL DUAL TEAM PAIRINGS
TUESDAY, FEBRUARY 6, 2018, 6:00PM
CLASS 1A

Regional dual team sites were determined using the mid-January IWCOA dual team rankings, with 8 of the top 16 ranked schools hosting, if possible and practical within geographic areas.

The sectional champion and runner-up will be the regional dual team qualifiers. The champion and runner-up from the same sectional may, or may not, be assigned to the same regional dual. The regional semifinal pairings will place the highest ranked team at a site against the lowest ranked team and the second highest ranked team against the second lowest ranked team, according to the mid-January IWCOA Dual Team Rankings. While only the top 16 ranked teams are publicized, more than 16 teams received votes for the rankings. All votes are used for the seeding of teams in the regional duals. Each regional meet is a double dual. The teams winning in the first round of the regional double dual will compete in the finals, with the winning team qualifying for the state dual team tournament at Wells Fargo Arena in Des Moines.
